Prepared by:

Mozelle E. Daniels, Director of Diversity

The Pennsylvania Gaming Control Board (“PGCB”) is pleased to present its tenth annual Diversity Report.

Pursuant to §1212 of the Pennsylvania Race Horse Development and Gaming Act (“the Act”), the PGCB is charged with promoting and ensuring diversity in all aspects of legalized gaming. The PGCB developed rules and regulations, 58 Pa. Code §481a, to accomplish its goals. The diversity regulations established the policies and procedures for promoting and ensuring that the regulated entities foster participation and diversity in all aspects of their operations in the Commonwealth.

This report provides an update regarding the PGCB’s ongoing efforts to monitor the activities of its licensed gaming facilities (“casinos”) to ensure the Commonwealth’s goals of enhanced representation of diverse groups in the gaming industry and the creation of quality living wage jobs for residents of this Commonwealth. Sections 13A04, 1325, and 1510 of the Act requires that casinos maintain local preferences in their hiring practices. Despite constant changes in Pennsylvania’s gaming industry over the last decade, diversity has remained at the forefront of the PGCB’s insistence and mission. Regardless of changes in casino ownership, casino executive management, or within the PGCB itself, diversity and inclusion has been and continues to be an ongoing noteworthy accomplishment of the entire industry.

As of June 30, 2017, the casinos/resorts employed a total of 17,736 individuals. Residents of the Commonwealth comprise 89% of the casinos workforce. Approximately 43% of the employees are females while 37% of those employed at the casinos are racial minorities. Executive/Management/ Professional staff at the casinos consists of a total of 2,378 individuals. Of this total 63% are male, 37% are female and 23% are racial minorities. The casinos’ training and retention efforts continue to result in internal promotions. Additionally, the casinos continue to work to meet the goals of the legislature in the area of table games employment. Pennsylvania residents currently comprise 81% of table games employees.

The Diversity Committees established by the casinos, consisting of executive level staff, continue to follow best practices while providing employee mentoring opportunities. The Committees also engage in employee recruitment of historically underrepresented segments of the population, which includes, but is not limited to, individuals with disabilities and military veterans. The Committees work with numerous local groups and chambers of commerce to maintain an atmosphere of value and encouragement for people of diverse backgrounds. The respective Committees have developed and implemented recruitment and hiring plans, employee referral programs, advertising projects with local media outlets, sponsored and hosted career workshops in the local communities to increase awareness, developed an internet presence, and built working relationships with area colleges and universities. The casinos have created employee friendly cultures and inclusive policies that advocate recognition, appreciation, and respect for all employees. These initiatives have resulted in an environment that enhances the pursuit of excellence in gaming as well as enriched communication methods and techniques to ensure the retention of talented employees.

The casinos’ supplier diversity programs continue to create opportunities for local business entities. Casinos have worked to create environments where procurement professionals are supported by executive level staff to promote the utilization of diverse vendors that supply goods and services. Through relationships with minorities, women and local businesses, the casinos have been able to combine objective market knowledge and identify areas with competitive purchasing capacity.

The casinos are committed to increasing opportunities to qualified businesses that are capable of providing exceptional services at best value. The casinos continue to support awareness and outreach initiatives among current and potential suppliers. These programs include, but are not limited to: vendor fairs and networking events for diverse groups; visiting vendor sites to determine their capability to meet supplier requirements for the facilities; establishing economical payment plans mutually agreed upon by the vendors and purchasing managers at the casinos; conducting workshops and other activities to increase awareness on the part of diverse groups concerning the types and volumes of goods and services the casinos purchase in the course of business operations; advertising in media to engage diverse groups; entering into strategic partnerships with local chambers of commerce; and mentoring small businesses. Moreover, the casinos support organizations promoting supplier diversity and economic empowerment, such as the Minority Supplier Development Council and the Women’s Business Enterprise Council for Pennsylvania, Delaware and New Jersey. Expenditures for each licensed facility are available in the pages that follow.

Community outreach, sponsorships and donations to charitable causes continue to be a priority for the casinos. As in previous years, casino employees routinely volunteer thousands of hours to various organizations, fund raisers, neighborhood revitalization efforts, and educational pursuits throughout the Commonwealth. The casinos have distributed well over \$106 million towards philanthropic activities since 2006.

The PGCB remains committed to monitoring the activities of the Commonwealth’s licensed casinos in promoting diversity and ensuring compliance with the Act.

Mozelle E. Daniels
Director of Diversity

Statewide

In addition to requirements in both the Gaming Act and the Board's regulatory policies and procedures, the PGCB requires each Licensee to execute a "Statement of Conditions" in which the Licensee agrees to submit an updated version of its diversity plan on an annual basis.

As of June 30, 2017, PA casinos / resort casinos employed 17,736 individuals of which 15,788 (89%) are Pennsylvania residents. Additionally, Executive/Management/Professional staff consists of 2,378 individuals (Male 63%, Female 37%, Minorities 23%)
